Connecting the communities of IBM i, AIX & Linux

No other newsletter goes where ours does!

CONNECTING

Connecting with IBM Power Servers.

Want to get your product or service noticed by IBM Power users, including AIX and Linux, then PowerWire is the medium for you!

Our website and monthly newsletter contains the latest news, updates, releases and interviews with industry experts, which our readers value to keep their knowledge up to date.

Advertising within PowerWire will enhance your message or promotion to active users.

ADVERTISE

Why advertise through PowerWire?

Advertising with PowerWire presents a unique opportunity because of its singular and respected position within the Power Systems community.

The PowerWire website receives on average over 4,000 unique visitors and over 5,600 page views per month.

There are over 2,200 subscribers to the monthly PowerWire newsletter.

We have over 1,900 opt-in contacts for our Mail Out.

WHY?

Email newsletters allow you to deliver your message directly to your customers' inboxes, where they are more likely to see it and engage with it. Unlike social media posts, which can get lost in the noise of other content, email newsletters are more personal and relevant to your subscribers.

Email newsletters are low-cost and high-reward marketing tools that can generate a high return on investment. According to a study by Litmus, the average email marketing ROI is 38:1

Email newsletters also have a high conversion rate, as they can drive more traffic to your website and encourage more sales.

Web-site Advertising

OPPORTUNITIES

PowerWire's website has two major banner positions, as shown below. These are;

The Leaderboard

This is the prime position at the top of the website page and appears on all pages of the website. E.g. when a reader opens an article the leaderboard is still at the top of the page they have opened. The banner can be linked to an off-site (advertiser's web-page) and be GIF format.

The Side Panel

This rectangular position is set within the right-hand column of the website and again appears on further pages when opened.

PRICING

PowerWire's bookings run per calendar month, i.e. if an advert is posted on the PowerWire website from the 5th January, it is taken down on the 5th February.

Images must be either jpg or gif and received by PowerWire at least seven days prior to publication.

Space	Size in pixels	Price per Month
Leaderboard	728*90	£600
Side Panel	360*180	£400

FormaServe and NC Communications Join Forces to Publish PowerWire, the IBM Power Newsletter
October 24, 2023 by Staff Reporter — Leave a Comment

FormaServe, a leading provider of IBM i training and consultancy services, and NC Communications, a specialist in IT events and media production, have announced a strategic partnership to publish PowerWire, the IBM Power newsletter.

PowerWire is a monthly online publication that covers the latest news, trends, and insights on IBM Power Systems, including IBM i, AIX, and Linux. PowerWire aims to provide valuable information and resources for IBM Power users, developers, administrators, and enthusiasts across the globe.

The partnership between FormaServe and NC Communications will leverage the expertise and experience of both companies to create high-quality content and deliver it to a wider audience. FormaServe will contribute its deep knowledge of IBM i and its applications, while NC
